pinkbusiness electricity

Are you getting best value gas and electricity?

Clue:
97% of businesses are not!

- Over 700,000 are 'rolled over' by their current supplier at 50% - 300% more than they currently pay
- Pink Business Electricity will stop you being 'rolled over' and negotiate with all 16 power companies for the very best prices for your contract.

- One of our recent customers saved £98,000 over three years on gas alone
- Whilst we can't guarantee these savings for everyone, 97% of businesses renew with us when the time comes.
